

```
CREATE TABLE Employee (  
    empno VARCHAR(8) not null,  
    empname VARCHAR(30) not null,  
    department VARCHAR(20) not null,  
    email VARCHAR(30) not null,  
    phone CHAR(6) not null,  
    PRIMARY KEY (empno)  
);
```

The screenshot shows a MySQL query editor window titled "Query 1" with the file name "ICADBInsertStatementsMySQL*". The query editor contains the following SQL statements:

```
1 Use dwh_test;  
2  
3 Select * from Employee;
```

Below the query editor, the "Result Grid" is displayed, showing the results of the query. The grid has columns for empno, empname, department, email, and phone. The results are as follows:

empno	empname	department	email	phone
E100	Chuck Coordinator	Administration	chuck@colorado.edu	3-1111
E101	Mary Manager	Football	mary@colorado.edu	5-1111
E102	Sally Supervisor	Planning	sally@colorado.edu	3-2222
E103	Alan Administrator	Administration	alan@colorado.edu	3-3333
